

ALEX MORGAN

alex.morgan@email.com | github.com/alexmorgan | linkedin.com/in/alexmorgan | Toronto, ON

PROFILE

Junior web developer with experience building responsive websites, organizing digital content, and supporting small business branding. Interested in front-end development, UI design, and clean user experiences for creative and community-focused projects.

EDUCATION

Diploma in Interactive Media Design - Riverdale College

Toronto, ON | 2022 - 2024

- Coursework included web development, digital design, accessibility, branding, and user experience.
- Capstone project: designed and built a portfolio website for a fictional photography studio.

SKILLS

Languages: HTML, CSS, JavaScript, basic Python

Design: Figma, Canva, wireframing, responsive layouts, typography, colour systems

Tools: GitHub, VS Code, WordPress, Google Workspace, Adobe Photoshop

EXPERIENCE

Junior Web Assistant - Maple & Co. Studio

May 2024 - Present | Toronto, ON

- Updated client websites by editing layouts, replacing images, fixing broken links, and improving mobile spacing.
- Created landing page drafts and social media graphics for small business campaigns using Figma and Canva.
- Tested forms, navigation menus, and accessibility basics before launch dates.

Digital Marketing Intern - Northside Cafe

Jan 2024 - Apr 2024 | Toronto, ON

- Scheduled weekly Instagram posts, photographed menu items, and wrote short captions for seasonal promotions.
- Helped redesign the online menu page so pricing, hours, and ordering details were easier to find.

Customer Service Associate - BrightMart

Jun 2021 - Aug 2023 | Markham, ON

- Assisted customers, handled point-of-sale transactions, and supported daily store organization.
- Trained two new team members on opening tasks, inventory checks, and customer service expectations.

PROJECTS

Studio Portfolio Website | HTML, CSS, JavaScript

- Built a responsive portfolio website for a fictional photography studio with gallery pages, a contact form layout, and reusable project cards.
- Focused on clear spacing, readable typography, and a soft visual style that could be reused by creative freelancers.

Cafe Menu Redesign | Figma, WordPress, Canva

- Created a refreshed digital menu mockup with clearer categories, improved contrast, and mobile-friendly sections.
- Prepared image assets and layout notes so the owner could update future menu items independently.

VOLUNTEER

Community Event Design Volunteer - Eastside Youth Arts

Sep 2023 - Dec 2023 | Toronto, ON

- Designed posters and web banners for weekend art workshops and youth showcase events.
- Collaborated with organizers to keep event information consistent across print and digital materials.
